

CASE STUDY

FAITH ASSEMBLY CHURCH ORLANDO, FLORIDA - 2012

In 2012, an MMR Metal Tile Series roof was installed on the large, Faith Assembly Church in Orlando, Florida. Since its installation, the roof has survived numerous tropical storms and hurricanes.

2014: Hurricane Arthur
2016: Hurricane's Hermine & Matthew
2017: Hurricane's Irma & Nate
2019: Hurricane Dorian
2020: Hurricane Marco
2022: Hurricane Ian

Despite these powerful storms, the Metal Tile Series roof has proven its durability, while providing the church with a beautiful roofing option that complements the large house of worship.

MODERN
METAL ROOFING
