

CASE STUDY

FAITH ASSEMBLY CHURCH
ORLANDO, FLORIDA - 2012

In 2012, an MMR Metal Tile Series roof was installed on the large, Faith Assembly Church in Orlando, Florida. Since its installation, the roof has survived numerous tropical storms and hurricanes.

- 2014: Hurricane Arthur
- 2016: Hurricane's Hermine & Matthew
- 2017: Hurricane's Irma & Nate
- 2019: Hurricane Dorian
- 2020: Hurricane Marco
- 2022: Hurricane Ian
- 2023: Hurricane Idalia

Despite these powerful storms, the Metal Tile Series roof has proven its durability, while providing the church with a beautiful roofing option that complements the large house of worship.
